MIND & BODY CLASS DESCRIPTIONS

SUNRISE MORNING STRETCH

Stretch the entire body and link the movement of your body to the movement of your breath, this class is a flowing series of stretches that will invigorate you to start the day with renewed flexibility.

HATHA YOGA

Concentrates on physical health and mental well-being. The focus will include Asana (Postures) and Pranayama (Breath) to help increase flexibility, balance and strength. This class is suitable for all fitness levels.

YIN YOGA & MEDITATION

This class includes deep stretches and poses that are held for 4 minutes or longer. The goal is to increase circulation in the joints and improve flexibility. This is a great class to relieve stress, fear and emotions "trapped" in the body. The class ends with a meditation.

CORE FLOW YOGA

This yoga work-out focuses on your core to enhance spinal integrity and build strength. This class incorporates athleticism of Ashtanga and includes a series of poses done in sequence connected to your breath.

ASHTANGA INSPIRED YOGA

This is a flowing (Vinyasa Style) practice that connects movement with breath in a progressive series of postures done with a calm and focused mind.

POWER YOGA

This is a dynamic and vigorous fitness-based work out that includes flowing yoga postures and breath control to develop endurance, strength and mental stamina. This class is geared toward the more advanced student.

MAT PILATES

This class will focus on strengthening your "powerhouse" which concentrates on your abdominals, lower back muscles, pelvic floor, hips and glutes. Improve your postural alignment, breathing and core stability.

BODY SCULPT/ABS & BALANCE

The class focus is on the core and muscles of the entire body. You will achieve ultimate fitness by concentrating on strength, balance, agility and flexibility.

RESTORATIVE YOGA

This class is a restful practice that includes holding (Asanas) at a slow pace, focusing on long holds, deep breathing and opening your body through passive stretching. Class promotes physical, mental and emotional relaxation.

GROUP CLASS DESCRIPTIONS

FUNCTIONAL TRAINING

The class emphasis is to help improve your daily tasks and activities. The class will include the 7 movement patterns; squats, lunges, push, pull, hinge, twist and cardio. You will also use machines to increase your

strength.

FUNCTIONAL TRAINING & ROPES

The class emphasis is to help improve your daily life by strengthening muscles to improve your daily tasks and skills. The class will also include ropes to build your endurance.

KETTLEBELLS & ROPES WORKOUT

This class will focus on working with kettlebells, ropes and body-weight exercises for a heart pumping work-out. You will learn new exercises in a fun and challenging format.

THIGHS, ABS AND BUNS

This class workout focuses on strengthening your lower body using training principles that include a variety of lower body exercises and resistance bands.

BARRE WORKOUT

This class is a hybrid work out that combines ballet inspired moves with elements of Pilates, proper alignment, flexibility and strength using light weights.

BARRE BODY CONDITIONING & ABS

This fun, invigorating workout combines barre and classical ballet training to enhance your strength and flexibility. It also includes Pilates to target your core and improve body alignment and Posture.

H.I.T. CYCLING

Cycle in a high intensity class and get in shape for your weekend bike rides. The class focus is aerobic and anaerobic interval training.

WATER AEROBICS

This deep water class focuses on aerobic endurance and strength, using resistance fitness gear to push and pull in the water efficiently. This is a great class recovering from an injury or in rehab.

CARDIO CYCLE

This multi-level cycling workout builds your aerobic endurance and maximizes your body's ability to burn fat.

PRO STYLE BOXING

This boxing based class alternates between real life boxing combinations on the heavy bag and boxing interval training using your body weight. Gloves and hand wraps are required. (65 minutes)

MUAY THAI

This class is high intensity kickboxing work-out that helps build strength, gain lean muscle and improve your balance, flexibility and agility. You will learn to strike like a Pro.

SKILLS CONDITIONING GROUP CLASSES

BASKETBALL CONDITIONING & DRILLS

Class emphasis is on footwork, drills, passing, shooting and ropes to build endurance. Learn how to transfer these skills into being a better basketball player. Class is for all abilities.

LOCATION OF GROUP CLASSES:
